Cllr Keith Glazier  
Transport for the South East  
County Hall  
St. Anne's Crescent  
Lewes  
BN7 1UE

14 October 2020

Dear Keith,

Thank you for the submission of your 30-year Transport Strategy for the South East. From our previous conversations, I understand how much work has gone into this and I was very pleased to receive the document and see for myself your vision for transport in the South East for the next 30 years.

I am impressed by the scale of the work carried out and by your vision of a 'sustainable route to growth'. I believe this can complement the Government's objectives for faster adoption of digital technology and investment in sustainable transport whilst striving for a highly productive economy.

The strategy sets out a very useful framework for how TfSE can work with Government to achieve your stated aims. I have asked my officials to ensure they have regard to this strategy when developing new policies. I look forward to our continued close working and seeing how the Area Studies can help contribute to the aims and objectives of the strategy. I would encourage you to continue to engage with my officials regarding this.

I look forward to continuing our discussions in the future.

*Yours,  
Charlotte*

**BARONESS VERE OF NORBITON**
